

Thula baba

South Africa

Translation

Be still, little man, be still, little child,
daddy will come back.
Be quiet, child, be still, little child,
may he return from the meadows.

We will have been present, as has been said.
(I) said: come back to him, child, come back home.
We will have been present, as has been said.
(I) said: come back to him, child, come back home.

Still, still, still, little man,
still, still, still, little child,
still, still, still, little man,
still, still, still, little man,
still, still, still ...

Melody and text: from South Africa, in Zulu
