## Translation

1. Oh, the dew is falling, falling.  
My eyes are tired.  
Mine are tired, yours are also tired,  
tired, my darlings, both.

2. Ej, padá, padá listopad,  
pozdravuj milú na stokrát,  
pozdravuj milú, holubienku sivú,  
že sa nevrátim nikdy viac.

2. Oh, the leaves are falling, falling.  
Greet my lover a thousand times,  
greet my lover, my little grey dove,  
and say that I'll never return.
